BENTLEY & MORE LLP

Bentley & More LLP, founded in 2016 by two nationally recognized advocates for consumers, victims, and workers, enshrines a commitment to provide outstanding legal work in a client-centered, community environment.

With the motto “Telling Your Story,” the firm strives to understand their clients’ hardships and unique backgrounds as well

as to offer creative solutions that maximize recovery. “Our team is a calming influence in a relationship building process that lasts long after the case is over,” says Keith More.

Bentley & More is a trial-focused practice, with particular expertise in the areas of catastrophic personal injury, workers’ compensation, construction accident, insurance bad faith, government entity

liability, and product liability matters. The firm routinely, and successfully, litigates matters encompassing multiple, complicated disciplines.

“We are honored to have a home in Orange County, while making a difference and pursuing justice for our clients around the country,” says Greg Bentley.
